

## Vitae Care News

### July 2017

Dear {tag\_recipientname},

With Dementia Care, Vitae Care is offering an additional, meaningful service. For people with dementia, it is of utmost importance to have empathetic care, chaperonage, and assistance. Staying at home in a familiar environment may enhance the positive flow of the dementia care process. We have competent and experienced caring companions with sympathetic skills in caring for elderly with dementia. Home care reinvented.

We dedicate the month of July to dementia care and will talk more about this disease and how we can assist the family of a dementia patient.

Enjoy the reading, stay happy and healthy.

## Therapeutic Lying in Dementia Care a Walk on a Fine Line of Moral Justification

Lying to a dementia patient may seem immoral, but new theories about emotional stability and well-being advocate gentle, respectful lying.

“Old age, believe me, is a good and pleasant thing. It is true you are gently shouldered off the stage, but then you are given such a comfortable front stall as spectator.”

– Confucius, Chinese Philosopher, 551 BC – 479 BC

## Vitae Care's Movement—The Ageing Community is Setting New Trends

At Vitae Care we are prepared to be part of the new movement by improving and supporting the trend to a redefined lifestyle of the new

generation elderly. It creates a new world of new opportunities for the aging community and is creating a higher demand of premier home care services. Remaining and aging in the own home is still the preferred style of senior living.
