June 2017

Dear [{tag_recipientname}](#),

We care about you. Almost all senior citizens want to keep their independence at home as long as possible. Thus, home safety is an important issue, as there might be hazards in their homes, that can lead to tripping or falls causing injuries. Prevention and safety modifications are the key to a safer home and may reduce risks. During the month of June, the National Safety Month, we will publish more detailed information about this topic, please stay tuned.

Hiring in-home care for your loved one, entrust Vitae Care will help to ease your worries, a good quality of life will return to the home of your loved one. We help stay independent and are committed—It's our mission.

Enjoy the reading and stay happy and healthy.
